eleanor cameron 1912 1996 was an innovative and genre defying author of children s fiction and children s literature criticism from her beginnings as a librarian cameron went on to become a prominent and respected voice in children s literature writing one of the most beloved children s science fiction novels of all time the wonderful flight to the mushroom planet and later winning the national book award for her time fantasy the court of the stone children in addition eleanor cameron played an often vocal role in critical debates about children s literature she was one of the first authors to take up literary criticism of children s novels and published two influential books of criticism including the green and burning tree one of cameron s most notable acts of criticism came in 1973 when she wrote a scathing critique of roald dahl s charlie and the chocolate factory dahl responded in kind and the result was a fiery imbroglio within the pages of the horn book magazine yet despite her many accomplishments most of cameron s books went out of print by the end of her life and her star faded this biography aims to reinsert cameron into the conversation by taking an in depth look at her tumultuous early life in ohio and california her unforgettably forceful personality and criticism and her graceful heartfelt novels the biography includes detailed analysis of the creative process behind each of her published works and how cameron s feminism environmentalism and strong sense of ethics are reflected in and represented by her writings drawn from over twenty interviews thousands of letters and several unpublished manuscripts in her personal papers eleanor cameron is a tour of the most exciting and creative periods of american children s literature through the experience of one of its valiant purveyors and champions

in successive chapters matthew s understanding of mission worship teaching stewardship and social justice are described in such a way as to assist the reader in understanding the theology of matthew as a whole powell inquires into the direction and thrust of matthew s gospel in categories related to pastoral theology rather

than systematic theology

for well over a quarter of a century Gardner Dozois has been defining the field with his annual selection of the very best of recently published science fiction every year he showcases truly exceptional contemporary writing both by undisputed masters of the genre and outstanding up and coming writers comprising thirty three fantastic stories by authors of the calibre of Paolo Bacigalupi, James S. A. Corey, Ann Leckie, Paul McAuley and Ian McDonald and including as ever Dozois' illuminating summation of the year in science fiction and his extensive recommended reading guide. This year's collection is better than ever voted year's best anthology by the readers of Locus magazine. An unparalleled eighteen times Dozois's annual selection has become the definitive must read anthology for both devoted sci-fi fans and newcomers to SF.

The indiscernibility of identicals is the principle that if two objects are absolutely identical then they must be indistinguishable from one another with respect to all of their properties. But does that include the context of the identical objects? The notion of identical gives rise to many philosophical problems including: 1. What does it mean for an object to be the same as itself? 2. If x and y are identical, are the same thing, must they always be identical, are they necessarily identical? 3. What does it mean for an object to be the same if it changes over time? Is an apple the same as an apple? 4. If an object's parts are entirely replaced over time, in what way is it the same?

In the new millennium, what secrets lay beyond the far reaches of the universe? What mysteries belie the truths we once held to be self-evident? The world of science fiction has long been a porthole into the realities of tomorrow, blurring the line between life and art. Now in the year's best science fiction, thirty-third annual collection, the very best SF authors explore ideas of a new world. This venerable collection brings together award-winning authors and masters of the field with an extensive recommended reading guide and a summation of the year in science fiction. This annual compilation of short stories has become the definitive must read anthology for all science fiction fans and readers interested in breaking into the genre.

multi volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location for students job candidates business executives historians and investors

this handbook reviews efforts to increase the use of empirical methods in studies of the aesthetic and social effects of literary reading the reviewed research is expansive including extension of familiar theoretical models to novel domains e g educational settings enlarging empirical efforts within under represented research areas e g child development and broadening the range of applicable quantitative and qualitative methods e g computational stylistics phenomenological methods especially challenging is articulation of the subtle aesthetic and social effects of literary artefacts e g poetry film increasingly the complexity of these effects is addressed in multi variate studies including confirmatory factor analysis and structural equation modeling while each chapter touches upon the historical background of a specific research topic two chapters address the area s historical background and guiding philosophical assumptions taken together the material in this volume provides a systematic introduction to the area for early career professionals while challenging active researchers to develop theoretical frameworks and empirical procedures that match the complexity of their research objectives
