a philosophical and theological study of the eucharist in the catholic church emmanuel falque s the wedding feast of the lamb represents a turning point in his thought here falque links philosophy and theology in an original fashion that allows us to see the full effect of theology s backlash against philosophy by attending closely to the incarnation and the eucharist falque develops a new concept of the body and of love by avoiding the common mistake of angelism consciousness without body falque considers the depths to which our humanity reflects animality or body without consciousness he shows the continued relevance of the question how can this man give us his flesh to eat john 6 52 especially to philosophy we need to question the meaning of this is my body in a way that responds to the needs of our time vatican ii because of the ways that hoc est corpus meum has shaped our culture and our modernity this is a problem both for religious belief and for culture praise for the wedding feast of the lamb animality embodiedness and eros such for emmanuel falque are the grounds for our hope as we kneel before the altar and await the words of consecration in the eucharist and behold not only what nourishes us here but also an intimacy promised to us hereafter here as a complement to theologies of the eucharist is a phenomenology of the sacred liturgy perhaps the most capacious account of our desire for christ in the sacrament offered to us by a contemporary kevin hart the university of virginia a generative text for advanced study of worship and a deeper engagement of phenomenological approaches to sacramental theology homiletic the journal of the academy of homiletics

this doctor of the church in a lifetime crowded with absorbing activities as ruler of his order for almost twenty years as cardinal bishop as director of the deliberations of an ecumenical council yet became one of the church's supreme expositors of the theology of love from the first he was known to be a giant and succeeding centuries saw almost innumerable editions of his works archbishop paschal robinson has pointed out that no writer from the middle ages onward has been more widely read and copied yet comparatively little of this interest is reflected in publications in the english tongue of course the prince of mystics as leo xiii called him is not wholly unknown among us so great is the power of his genius so insistent his message to the heart and spirit that these qualities have in some degree forced their way through whatever barriers exist translators of merit both franciscans and others have brought over into english separate chosen opera and these have conveyed enough of his greatness to establish it as a fact but though he is an acknowledged master he remains by and large to us a master still unread
